1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Darcell Walker on 10/27/2005.

The application has been amended as follows:

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The PRIOR ART labels that were added to figures 1 and 4 in the amendment of 10/20/2005 are also to be added to figures 2 and 3. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach an inline control valve that includes a housing connected to a flow line with a plug valve with the plug moving in a direction parallel to the movement of fluid in the flow line attached to the valve housing wherein an activation mechanism for moving the plug member has a component outside the valve housing and also has a rack gear attached to the plug and a pinion arm engaging the rack with a shaft connected to and rotating the pinion as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should
